**RULE 26.1 DISCLOSURE STATEMENT**

Pursuant to Rule 26.1 of the Federal Rules of Appellate Procedure, the undersigned, counsel for Petitioners, the National Association of Home Builders (NAHB), certifies that NAHB is a nonprofit trade association organized under the laws of Nevada. NAHB's purpose is to promote the general commercial, professional, and legislative interests of its approximately 140,000 builder and associate members throughout the United States, including individuals and firms that construct and supply single-family homes, as well as apartment, condominium, multi-family, commercial and industrial builders, land developers, and remodelers. As part of the construction and development industry, NAHB's members will be subject to requirements contained in the United States Environmental Protection Agency's "Final National Pollutant Discharge Elimination System (NPDES) General Permit for Stormwater Discharges from Construction Activities," published in the *Federal Register* on January 19, 2017 (82 Fed. Reg. 6,534).

NAHB does not have any parent companies that have 10 percent or greater ownership interest in NAHB. Further, there is no publicly-held company that has a 10 percent or greater ownership interest in NAHB. NAHB is comprised of over 700 state and local home builders associations with whom it is affiliated, but all of those associations are, to the best of NAHB's knowledge, nonprofit corporations that have not issued stock to the public.
